

GOVERNMENT OF INDIA  
MINISTRY OF STEEL  
  
**RAJYA SABHA**  
**UNSTARRED QUESTION NO. 1438**  
**FOR ANSWER ON 13/03/2023**

**RECYCLED STEEL USED IN DIFFERENT SECTORS**

1438 SHRI BRIJLAL:

Will the Minister of STEEL be pleased to state:

- (a) the total quantity of recycled steel used in various sectors including construction, automobile and infrastructure sectors etc., in the country;
- (b) the total contribution of recycled steel in terms of percentage used in the steel industry in the domestic market; and
- (c) whether the Material Recycling Association of India has organized any conference with stakeholders from various sectors regarding the use of recycled steel in the country and if so, the sector-wise details thereof?

**ANSWER**

THE MINISTER OF STATE IN THE  
MINISTRY OF STEEL

(SHRI FAGGAN SINGH KULASTE)

- (a) The total quantity of recycled steel used in various sectors including construction, automobile and infrastructure sectors etc., in the country is approximately 30 Million Tonnes (MT).
- (b) The overall utilization of the steel scrap in the steel sector in India is around 25% of the input material used.
- (c) Material Recycling Association of India has organized conferences with recyclers all around the world to provide them to come together on a common platform. It helps in bringing business to India and generates awareness regarding recycling and its positive impact on environment.
